

Week 5 Assignment: Group Project: Team Reflection

Overview

The purpose of this assignment is to reflect upon a variety of aspects of teaching with technology. You will reflect upon what you've learned throughout the course by posting comments to the team Google site.

Instructions

Your task is to add a team reflection to the group Google site. Be sure to follow the guidelines below and consult the rubric for the assignment's criteria.

- Be sure to include the rationale as to why your team selected each type of activity/unit and technology samples as a solution for the scenario.
- Be sure to include the rationale for the recommended professional development for the teacher.
- Provide evidence that each team member has contributed to the content in the team reflection.
- Be sure the reflection is clearly identified in the team Google site.
- You may elect to use a variety of media to share a reflection such as text, video, photos, blogs, or a combination thereof.
- The content should be a minimum equivalent of six paragraphs in length.
- So if you elect to use video, keep the script to no longer than a page.
- It is suggested that you record several short video clips or use a combination of video and text rather than one long clip.

Once complete, the team leader should upload the reflection to the team Google site and send the link to the academic coach – see page 4 of this document.
